Developer has determined that, at this time, said opinion of the Attorney General does not affect the wages paid by Developer to laborers employed on said facilities constructed pursuant to this agreement. Developer agrees, however, that should it be determined that the prevailing wages law of the States (Labor Coed 1770, et seq.) apply to the work performed in accordance with this agreement, then Developer shall defend and hold District harmless from any liability claim, damages, or costs in any way associated with said determination by the State and Developer shall, as further consideration of District entering into this agreement, take all necessary and appropriate action, including payment of back wages, and any associated penalties which may be required, due to enforcement of the prevailing wages laws in connection with construction of the park sites and recreation facilities. Any inspections and observations of the work by District are for the sole purpose of providing notice stage and character of the work. The Notice shall be on a form prescribed by the Director and shall contain the following information: (1) date, approximate time, and address or definite description of the location where the violation(s) was observed; (2) the code section violated and a description of the violation; (3) the amount of the monetary penalty for the violation(s); (4) an explanation of how the penalty shall be paid, the time period by which it shall be paid, and the place to which the penalty shall be paid; (5) identification of rights of appeal, including the time within which the Notice may be contested and the place to obtain a Notice of Appeal and Request for Hearing form to contest the Notice of Violation; and (6) the name and signature of the citing officer and, if possible, the signature of the person determined to be in violation of this chapter. A single Notice of Violation may charge a violation for one or more days on which a violation exists, and for the violation of one or more code sections.
- C. Service of Citation. The Director shall impart notice to the person found in violation of any provision of this chapter in the following manner:
 1. Personal Service. The Director shall attempt to locate and personally serve the person determined to be in violation of this chapter, and, if possible, obtain the signature of the person in violation on the Notice of Violation. If the person in violation refuses or fails to sign the Notice, the failure or refusal to sign shall not affect the validity of the Notice or of subsequent proceedings.
 2. Mail. If, for any reason, the Director is unable to personally serve the Notice of Violation on the person determined to be in violation of this chapter, the Notice shall be mailed to the person determined to be in violation of this chapter by certified mail, postage prepaid with a requested return receipt. Concurrently, the citation shall be sent by regular mail. Service by mail shall be sent to the address of the person determined to be in violation of this chapter as shown on public records or as known by the County. If the Notice is sent by certified mail and returned unsigned, then service shall be deemed effective by regular mail, provided the Notice sent by regular mail is not returned by the

post office. Service by mail shall be effective on the date of mailing.

3. The failure of any person determined to be in violation of this chapter to receive any notice served in accordance with this section will not affect the validity of any proceedings taken under this chapter.
- D. Satisfaction of Notice of Violation.
1. Upon receipt of a Notice of Violation, the person determined to be in violation of this chapter must pay the administrative penalty to the Department of Regional Parks.
- E. Appeal of Citation.
1. Any recipient of a Notice of Violation may contest that there was a violation of section 9.36.030 or that he or she is the person determined to be in violation of this chapter by completing a Notice of Appeal and Request for Hearing form and filing it with the Department of Regional Parks within fifteen (15) calendar days from the date of issuance of the Notice, together with an advance deposit of the total amount of the monetary penalty, or the timely filing of a Request for an Advance Deposit Hardship Waiver pursuant to subsection (F) of this section. Any appeal of the Notice of Violation must include a detailed written explanation of as to the grounds for appeal.
 2. The failure to submit a timely and complete request for hearing will terminate a person's right to contest the Notice of Violation and result in a failure to exhaust administrative remedies, and the order of the Notice of Violation will serve as a formal determination and conclusive evidence that the person named in violation of this chapter is liable.
- F. Advance Deposit Hardship Waiver. A person seeking an administrative hearing may request a hardship waiver of the penalty deposit by filing with the Director a completed "Advance Deposit Hardship Waiver," which must be signed under penalty of perjury. The request must be submitted along with the request for hearing. The person requesting the waiver bears the burden of establishing that such person does not have the financial ability to make the deposit. The request will be decided by the Director within three business days from the date the request is received, and the Director's decision is final. The applicant will be notified by telephone, facsimile, or in person of the decision on the request. The filing of a request for hardship waiver does not extend the time to file for an administrative hearing or pay the penalty when due. If the request for hardship waiver is denied, an administrative hearing will not be scheduled unless the penalty deposit is paid within five business days following the Director's determination on the request for a hardship waiver.
- G. Hearing Officer. The County Hearing Officer shall conduct the administrative hearing.
- H. Hearing Procedure. The following rules shall apply to the conduct of a hearing under this section:

1. No hearing to contest an administrative penalty before a Hearing Officer shall be held unless and until a Notice of Appeal and Request for Hearing form has been completed and timely filed, and either the total amount of the penalty has been timely deposited in advance with the Director or, as indicated on the Notice of Appeal and Request for Hearing form, that a Request for an Advance Deposit Hardship Waiver has been timely filed pursuant to Subsection (F) of this section;
2. The hearing before the Hearing Officer shall be set for a date that is not less than fifteen (15) and not more than sixty (60) calendar days from the date that the Notice of Appeal and Request for Hearing form is filed in accordance with the provisions of this section. The person requesting the hearing shall be notified of the time and place set for the hearing at least ten (10) calendar days prior to the date of the hearing;
3. The Hearing Officer shall only consider evidence relevant to whether the violation(s) occurred and whether the responsible person has caused, maintained or allowed the violations of this chapter;
4. The person contesting the administrative penalty shall be given the opportunity to testify and present witnesses and evidence concerning the alleged violation;
5. The failure of any recipient of a Notice of Violation to appear at the hearing or, in the alternative, to present written or demonstrative evidence shall constitute an admission of the violation by the recipient and an admission that the amount of the administrative penalty is appropriate as well as a failure to exhaust administrative remedies that may bar judicial review;
6. The Notice of Violation and any additional documents submitted by the Director shall constitute prima facie evidence of the respective facts contained in those documents;
7. If the Director submits an additional written report concerning the alleged violation to the Hearing Officer for consideration at the hearing, then a copy of this report also shall be served by first class mail on the person requesting the hearing at least five days prior to the date of the hearing;
8. At least ten (10) days prior to the date of the hearing, the recipient of a Notice of Violation shall be provided with copies of the notices, reports and other documents submitted or relied upon by the Director. No other discovery is permitted. Formal rules of evidence shall not apply;
9. The Hearing Officer may continue the hearing and request additional information from the Director or the recipient of the Notice of Violation prior to issuing a written decision;
10. The Hearing Officer is not required to provide transcripts of hearings, but is required to make available tapes of hearings for a fee.

I. Hearing Officer's Decision.

1. After considering all of the testimony and evidence submitted at the hearing, the Hearing Officer shall issue a written decision within ten (10) days of the date of the hearing to uphold or cancel the Notice of Violation and shall list in the Decision the reasons for that Decision. The Decision of the Hearing Officer shall be final;
 2. If the Hearing Officer determines that the Notice of Violation should be upheld, then the Director shall retain the penalty amount, including any fee that is the subject of the Notice of Violation, on deposit with the Director;
 3. If the Hearing Officer determines that the Notice of Violation should be upheld, and the penalty has not been deposited pursuant to an advance deposit hardship waiver, the Hearing Officer shall set a payment schedule for the payment of the penalty, including any fee that is the subject of the Notice of Violation. Accrual of any late penalty charges shall resume on the day following the date of the Hearing Officer's Decision;
 4. If the Hearing Officer determines there has been no violation and the penalty was deposited with the Director, then the Director shall promptly refund the amount of the deposited penalty;
 5. The recipient of the Notice of Violation shall be served with a copy of the Hearing Officer's written Decision.
- J. Failure to Pay Administrative Penalties.
1. The failure of any person to pay the administrative penalties assessed in connection with a Notice of Violation within the time specified on the Notice constitutes a debt to the County and may result in the matter being referred to the Sacramento County Department of Finance, Revenue Recovery, which may file a claim with the Small Claims Court or, in the alternative, utilize any means within its power to collect the amount owed. The County may pursue any other legal remedy to collect the administrative fines.
 2. Any person who fails to pay to the County any administrative penalty imposed pursuant to this Title on or before the date the fine is due shall also be liable in any action brought by the County for all costs incurred in securing payment of the delinquent amount, including, but not limited to, administrative costs and attorneys' fees. Such collection costs are in addition to any required fees, penalties, interest and late charges.
 3. Notwithstanding all of the procedures set forth in this section, the Director shall have the ability and discretion to enforce violations of this Title, to impose necessary conditions, to forgive portions of a debt or penalty owed to the County under this Title, and to coordinate collection and enforcement efforts with the Department of Finance, Revenue Recovery.
- K. Right to Judicial Review. Any person aggrieved by an Administrative Decision of a Hearing Officer on an administrative citation may obtain review of the Administrative Decision by filing a Petition for Review with the Sacramento

County Superior Court in accordance with the timelines and provisions as set forth in California Government Code section 53069.4.

(SCC 36 § 2, 1971)

§ 9.36.074. Glass Beverage Containers—Purpose.

The County of Sacramento operates and maintains its parks and park facilities for the use, benefit, recreation and enjoyment of the general public. However, the County's regional park facilities accumulate significant amounts of litter annually, a large percentage of which consists of randomly discarded glass beverage containers. The recurring and increasing presence of broken glass resulting from such discarded containers poses a serious threat to the public safety at such park facilities, and unreasonably interferes with the public's use and enjoyment thereof. Broken glass is a unique form of litter, in that it can virtually elude clean-up efforts. In particular, it accumulates from year to year on beaches and rocky shorelines, often hidden underwater beneath a layer of sand/or silt, constituting an undetectable hazard to swimmers and waders. Submerged or otherwise concealed broken glass has resulted in injuries to park visitors involving deep cuts, lacerations and other complications. In almost all cases, advanced medical care beyond basic first aid was required, with most cases requiring suture of lacerations. Additionally, some victims required treatment for shock. In some cases, it appeared likely that surgery would be required to repair nerve, cartilage or tendon damage. Many more such injuries occur, yet go unreported.

It is therefore essential to the preservation of the public peace, health, welfare and safety, and the furtherance of safe public use and enjoyment of County parks and park facilities, that the presence of glass beverage containers upon such premises be prohibited.

(SCC 0713 § 1, 1988)

§ 9.36.075. Glass Beverage Containers—Prohibition.

No person shall possess any cup, tumbler, bottle, jar or other container made of glass and used for carrying or containing any liquid for drinking purposes within any park or on any body of water in the American River Parkway west of Hazel Avenue, or within any other park or park facility which has been posted with signs prohibiting such possession, except in locations where such containers are permitted under the terms of a lease, operating agreement or permit. The governing body of the public entity owning or managing such park or park facility may by resolution designate, or authorize the Director to designate, the park or park facilities to be posted.

(SCC 0713 § 2, 1988)

§ 9.36.077. Concessions.

commercial gain potentially adversely and seriously impacts the use of park lands and park facilities for use by the public for recreational purposes. Any such sales must be regulated through the use of concession contracts to insure that the goods and services marketed will promote the beneficial use of park facilities for recreational purposes.

- b. It shall be unlawful for any person or entity to enter on and use park lands or facilities owned by the County for the purpose of selling goods or services for commercial gain without having first applied for and obtained from the Board of Supervisors a concession contract authorizing the sales and otherwise regulating the time, place, and manner of such sales. The violation of this subsection shall be punishable as an infraction as provided in Section 9.36.035 of this chapter.
- c. The provisions of this section shall not be deemed to apply to the sale or distribution of newspapers, books, pamphlets, or other activity constituting protected speech under the First Amendment of the United States Constitution or comparable protections under the California Constitution.

(SCC 1380 § 1, 2008)

§ 9.36.083. Prohibition on Camping or Constructing, Maintaining or Inhabiting any Structure or Camp Facility in the American River Parkway and Dry Creek Parkway.

A. Findings.

1. The homelessness crisis continues to grow across the County of Sacramento with more people living unsheltered which has contributed to an increase in homeless encampments throughout the County, including in County-owned parks, and in particular, the American River Parkway and Dry Creek Parkways

(collectively "Parkways").

2. The American River Parkway is an open space greenbelt extending approximately 29 miles that covers approximately 7,000 acres and includes several distinct areas such as the Lower American River. The Lower American River Parkway spans 23 miles from the Hazel Avenue Bridge to the American River's confluence with the Sacramento River.
3. The Dry Creek Parkway is an approximately six-mile open space area and riparian corridor that starts at the Sacramento/Placer County line and extends southwesterly along the two forks of Dry Creek to the Sacramento City limits at Ascot Lane, and is part of the Lower American River watershed.
4. The Parkways, including the Lower American River, are afforded special protection and recognition under various federal and state laws, including the National Wild and Scenic Rivers Act (Chapter 28 of Title 16 of the United States Code), the California Wild and Scenic Rivers Act (Chapter 1.4 of Division 5 of the California Public Resources Code), the Urban American River Parkway Preservation Act (Chapter 10 (commencing with Section 5840) of Division 5 of the Public Resources Code), the Bushy Lake Preservation Act (Chapter 9 (commencing with Section 5830) of Division 5 of the Public Resources Code), and the Lower American River Conservancy Program Act (Chapter 10.5 (commencing with line 7 Section 5845) of Division 5 of the Public Resources Code), among other laws.
5. This protection and recognition is afforded to the Parkways because of their important and vital contributions to the quality of life of the greater Sacramento community, the state and nation as a whole. These contributions include functioning as floodway channels, serving as habitats for various fish and wildlife species some of which are protected under the federal and state endangered species and species of special concern laws, providing a myriad of recreational opportunities, and being natural open-space areas for the public to visit.
6. The Sacramento County Department of Regional Parks (Regional Parks) administers and manages approximately 5,000 acres within the Parkways, including having Park Rangers provide law enforcement/public safety services in the Parkways.
7. The Parkways are natural resource areas meant for recreational usage that lack basic amenities needed for extended or continual camping such as adequate restrooms, lighting, access points, roadways, and clean water. Despite that, encampments of unsheltered persons are prevalent in the riparian forest and woodlands areas of the Parkways with approximately 800 to 900 unhoused individuals residing in the Parkways on any given night based on data in and calculations derived from the 2022 Point-in-Time Count.
8. The absence of basic amenities in the Parkways leads to unsanitary living conditions, such as unclean water, accumulation of garbage and debris,

increased risk of wildfires, and exposure to human and animal waste, and poses significant risks to the health and welfare of unsheltered individuals camping in the Parkways.

9. In 2021, the County abated trash, debris, and abandoned property related to abandoned encampments and removed approximately 1,303.5 tons of garbage and debris from the Parkways.
 10. The continued existence of encampments of unsheltered individuals in the Parkways results in the degradation of these vital environmental resources that includes, but is not limited to, contamination of water, damage to or destruction of natural landscape, and fires and damages related to.
 11. The risk of wildfire in the Parkways continues to increase as the drought persists and more individuals camp unlawfully in the area. In 2021, approximately 300 acres were burned in the Parkways due to fires.
 12. It is the obligation of the County to keep the Parkways and similar natural open spaces clean and available for public use, and to protect the public health, safety, and welfare of individuals in the Parkways.
 13. In 2021, County Park Rangers and other law enforcement personnel responded to, investigated, and/or made arrests related to criminal activity including homicide, assaults, including sexual assault, rape, battery, robberies and thefts in the County's Regional Parks including the Parkways.
 14. Responding to emergencies, including calls for service from unsheltered individuals living in the Parkways, are challenging and often hindered due to geographical issues, terrain, narrow roadways, dirt and gravel fire roads, and trails. These limitations become even more significant after sunset. This further puts individuals camping in the Parkways at risk should there be a need to respond to a fire, medical emergency, inclement weather, or other disaster.
 15. The County is seeking to fulfill its aforementioned obligations in a manner that protects the public health and safety of all residents, including unsheltered individuals, and the County's natural resources. Prohibiting constructing, maintaining or inhabiting any structure, tent or camping facility in the Parkways, as well as prohibiting the use or maintenance of containers with flammable or combustible liquids or a generator and limiting access to the Parkways between sunset and sunrise advances the County's interest in protecting the public health, safety, and welfare of the public and preventing the continued degradation and damage to the Parkways.
- B. Camping or Constructing, Maintaining, or Inhabiting Any Structure or Camping Facility in the American River Parkway and Dry Creek Parkway Prohibited.
1. No person shall camp or construct, maintain or inhabit any structure, tent or camp facility in the American River Parkway or Dry Creek Parkway, except with written permission from the Director.

2. No person shall modify the parklands (e.g. dirt, landscaping) or accumulate furniture, household goods, or other items in order to create a structure.
3. The following definitions apply to this section:
 - (a) "American River Parkway" means the area described in the American River Parkway Plan as defined by California Public Resources Code section 5841(a) as may be amended from time to time.
 - (b) "Camp" or "camping" means to place, pitch or occupy camp facilities; to live temporarily in a camp facility; or to use camp paraphernalia.
 - (c) "Camp facility" includes, but is not limited to, tents, huts, or structures, including temporary structures (e.g. not permanently affixed to the ground).
 - (d) "Camping paraphernalia" includes, but is not limited to, bedrolls, tarpaulins, cots, beds, sleeping bags, hammocks or cooking facilities and similar equipment.
 - (e) "Dry Creek Parkway" means an approximately six-mile open space and riparian corridor area starting at the Sacramento/Placer County line and extending southwesterly along the two forks of Dry Creek to the Sacramento City limits at Ascot Lane.
 - (f) "Structure" means a thing that is built or constructed using accumulated furniture, household goods, construction debris (e.g. pallets), tarpaulin, dirt, landscaping, or other items to provide shelter for one or more persons.
4. Penalty. A violation of this section shall constitute a misdemeanor.
5. Enforcement and Abatement; Storage of Property.
 - (a) Authority to arrest and cite for violations of this section shall be consistent with Section 9.36.080.
 - (b) The County may abate or remove structures, tents, or camping facilities established in violation of subsection (B)(1) after providing 48-hours written notice of said abatement. Structures, tents or camp facilities established in violation of subsection (B)(1) may be abated with less than 48-hours written notice by the County, if the structure, tent or camping facility poses an imminent threat to public health or safety. For purposes of this section a structure, tent, or camp facility poses an imminent threat to public health or safety if there are facts and circumstances that would cause a reasonable person to believe, that there is an increased risk of fire or flood, actual fires or floods, obstructions or interference with the flow of pedestrian or vehicular traffic, and blockage of driveways or access points providing access to emergency vehicles.
 - (c) Abatement pursuant to subsection (B)(5)(b) may include, but is not

limited to, removal of camp facilities, camp paraphernalia, garbage, hazardous waste, infectious waste, junk, or debris; and securing the perimeter of the area with fencing, gates, or barricades to prevent further violations. Any personal property identified and left behind during the abatement shall be stored for at least 90 days and notice shall be provided regarding the retrieval process.

6. The Director is hereby authorized to promulgate rules, protocols and procedures for the implementation and enforcement of this section, consistent with the provisions herein.
7. The County shall enforce this provision in a manner that is consistent with applicable federal, state and local laws, including but not limited to applicable case law.

POLICY TITLE: ATHLETIC FIELD USE
POLICY NUMBER: 6055

6055.1 It is the intent of this policy to assure that the Rio Linda Elverta Sports Fields are used for recreational purposes in conjunction with District Programs. The Rio Linda Elverta Recreation and Park District is committed to creating partnerships with local sports organizations to insure there is ample opportunity for youth, with various skill levels, to participate in athletics. The District's primary responsibility is to provide athletic opportunities and make certain fields remain safe and high quality.

6055.1.1 The allocations/permitting process provides an organization with exclusive use of a field to the exclusion of others. The objective of this policy is to create a clear, written allocation policy and procedure that fairly distributes fields, maximizes playing time, incorporates a turf recovery period to maintain safe quality fields, communicates financial issues and cost recovery and outlines field use regulations.

6055.1.2 The underlying principle for financing public park and recreation facilities is for public use, enjoyment, and to insure that all citizens have equal opportunity and choice of participation. Since the demand is greater than the tax revenues available for support, it is necessary to charge user fees for selected fields, particularly in instances where the field is utilized by individuals or groups for personnel benefit.

6055.2 For the purpose of this policy and procedure athletic fields available to the general public for a fee include Babe Best Park baseball/softball fields and Westside Park baseball/ softball fields. Westside Field will be for permitted uses only. Field access gates shall be locked. A key shall be issued to the permitted user to allow field access.
